Presidential Posting

Christine Zombro Rhiner, President

Well happy 2015, this seems to be the year for cycling since the skies are not cooperating for our other winter sports. The ride board is "hopping" with lots of riding options.

Weekend Club Rides for 2015

We're expanding our program of club rides in 2015. We'll have a club ride or other club event every single weekend from April through October. Why do group rides you might ask? Well, for me I have met people who ride at my level or close enough to have a great time and push myself just a little harder than on my own. Some of these people I have been riding with for 8 years now! (Yes, I am not exactly prehistoric in this sport. I am a newbie, relatively speaking.) So check the AACC website and read your emails to join in group rides. All members are still encouraged to post their own rides regardless of how spectacular or mundane, road and mountain biking included.

We intend to have 5 regular ride leaders and each will lead one scheduled club weekend ride once a month. Each of these regular leaders will receive free membership and free racing. Right now we have 2 spaces open in this "Gang-of-Five" so please contact me about filling one of the remaining spots.

Spring Membership Party

April 20th, 6:00pm, save the date! Details are still in the making, but a different location is likely. We are hoping to attract new members this year by working a little more closely with the local bike shops. The idea is that when a new bike is sold, a free Alta Alpina membership will be given. Looks like the date will be back on a Monday as this seems to find fewer people out of town. So I hope this works for you! Bring a friend we will be serving pizza and salad. Our clothing inventory will be available if you don't have a "club kit" yet. For missing sizes we are looking into an online format for obtaining club kits and no longer holding the inventory, everything would be made to order. Also start cleaning out your cycling clothes and gear as we will have a "trade" table. Left over items will be donated to the junior cyclists or can go directly to the juniors and bypass the "trade" idea. Speaking of Juniors, we may need an Assistant Coach or club volunteers to lead a few junior training rides. Please contact a board member in regards to this position.

Board Meetings

Board Meetings are the 1st Monday of every month. Everyone is invited and food/beverage is provided. Look in the minutes of each newsletter for the next meeting. The club clothing is available for one hour prior to the meeting if you need to purchase something. March 2nd we will be meeting at the Timbers Restaurant inside the Lakeside Casino in Tahoe.

BICYCLE COALITION

Helping Tahoe Become More Bicycle Friendly

Chris Carney, Lake Tahoe Bicycle Coalition

Do you ride in Tahoe? Have you considered joining the Lake Tahoe Bicycle Coalition? Together with Tahoe's fantastic community of partner organizations, including the Alta Alpina Cycling Club, the bike coalition promotes cycling in Tahoe, highlights bike events around the region, and advocates for better bike trails and bike paths.

Your generous support enables us to continue to produce the Lake Tahoe Bikeways Map, sponsor the annual Tahoe Bike Challenge, and provide bike valet parking for Tahoe's community events.

With a mission to help Tahoe become more bike friendly, the member-supported bike coalition is run

entirely by volunteers, which allows us to invest all of your contribution directly into bike initiatives.

When you become a member of the Lake Tahoe Bicycle Coalition, we'll mail you a copy of the Lake Tahoe Bikeways Map and begin sending you our monthly e-newsletter featuring the latest bike news for Tahoe, as well as upcoming bike events. Better still, you'll be joining a community of people who love biking, while contributing to efforts to make biking in Tahoe more safe and convenient for everyone.

BIG NEWS – the Nevada Bicycle and Pedestrian “Share the Road” special license plate is out! It is available at your local NV DMV now! The plates look great! Be the the first one on your block to be bike cool.

All funds generated by the plate will go towards bicycle and pedestrian safety programs and projects in Nevada! Nevada Bicycle and Pedestrian Advisory Board will oversee the program.

1,000 plates need to be sold in the first year and after that the number has to stay at 1,000 active plates annually to keep this effort alive! It only costs an extra \$61 to initially get one and then \$30 per year after that and of that \$25 the first year and \$20 annually goes directly to the fund.

Personalized plates (up to 5 letters) are also available!

Please show your support and get a set of “Share the Road” plates on every vehicle! I bought two sets myself! Note that you can get them anytime, not just at time of renewal. DMV will pro-rate the fees to the current year. Let’s see the plates out there! What a better way to advertise that you are a bicyclist and proud of it!

Want a Neat Bicycle Getaway?

Go Visit the Bicycle Heaven Museum and Bike Shop in Pittsburgh, PA either in person or just on-line. Check out the World’s Largest Bicycle Museum and shop – a unique 2 story store via a real visit or a virtual tour at;

www.bicycleheaven.org/

There are all kinds of bike related items there – hundreds of new, used and classic bicycles, wheels, forks, seats, frames, etc. and an eclectic collection on other bicycle related things on the walls and

hanging from the ceiling. It is tucked away in an industrial park across the Allegheny River from downtown near the Steeler’s new home stadium, Heinz Field. It is a great walk from

downtown – over the river and then along the river walk past the two new stadiums, Heinz Field and PNC Park. A group from Nevada visited Bicycle Heaven while at ProWalk ProBike ProPlace conference last September. It was one of the highlights – next to the Duquesne Incline.

A note from Laura Caimi

Hard to believe it's already March and our annual event, The Alta Alpina Challenge: Riding the Wild Sierra is just a few months away. If you would be able to pass out pamphlets at bike shops, fitness centers and sporting goods stores please let me know. If you will be riding any organized rides this spring, please consider taking some pamphlets to distribute to prospective Wild Sierra riders. We have "Ask Me" stickers available for you to attach to your helmet, jersey or ride number at these events.

- **Pinenut Cracker:** Date: Saturday, May 16. The USA Cycling Mountain Bike National Championships will be at Mammoth Mountain, July 15-19. The possibility is being explored of having this year's Pinenut Cracker as a USA Cycling district championship and a qualifying race for Mammoth. District championship or not, the event will be USA Cycling sanctioned.
- **King of Kingsbury Time Trial:** Date TBD.
- **Cyclocross Race:** No report.
- **Bike Advocacy:** Nevada DMV bicycling license plate is now available. President Chris Rhiner claims to have bought the first one issued at the Carson City DMV office. The requirement for this license plate to be a viable program is that 1000 plates must be sold in the first year of issue. If the 1000 number is not reached, then NV DMV will continue to support the existing plates, but no more will be available. The state of Nevada has just finished application to League of American Bicyclists for the latest "Bike Friendly" state ranking. Carson City achieved "Bike Friendly" status.
- **Adopt A Highway:** No report.
- **Clothing:** No report.
- **Public Relations:** Challenge posters and rack cards are printed and distributed to bicycle shops and hotels in Carson Valley and Woodfords. The cards and posters are to be distributed to Markleeville this week. A press release has been issued regarding the opening of registration for the 2015 Challenge ride. Challenge accommodation information has been updated on the web site. Challenge information is being disseminated on social media site. Wayne has been in discussion with the Carson Valley Visitor's Authority to match the club's advertising dollars in exchange for the club promoting Carson Valley bicycling. With Curtis Fong's "Tour of Carson Valley" being the week before the Challenge, the possibility of a promotion: "Cycle Sierra Week" was discussed. The assumption being that such a program would be beneficial to AACC, Curtis, and CVVA and possibly result in additional advertising help with the Challenge from CVVA. Ideas and commentary on the Cycle Sierra Week are welcome. Send to Wayne at sierracyclopah@gmail.com.
- **Challenge:** Planning is in the advertising phase. Ads have appeared in Cycle California for two months with a third ad coming. Budget for the

event is close to being finished—waiting on Forest Service costs. To date, 110 registrations have been received.

- **Insurance:** The latest renewal of League of American Bicyclists (LAB) liability insurance has come with added requirements for club rides coverage. Perhaps most significantly, that guests may only join in one club ride before becoming members and the need for timely reporting of any accidents on club rides.
2. **Gang-of-Five:** Motion 02/02: To adopt a plan expanding the weekly ride leader program with the title: “Gang of Five”. Michael Bayer/Chris Rhiner -- Carried unanimously. As currently envisioned, the Gang of Five will add five appointed ride leaders to the weekend rides program in addition to the currently elected Ride Leader. The result of the program is to have each of the five lead one ride each month from April through October, so there will be at least one ride every weekend and sometimes two rides. By the expansion of the weekend rides program it is hoped that membership will increase.
 3. **Officials for 2015:** Motion 02/03: To re-appoint Joe Marzocco as Web Site Coordinator for 2015.

Michael Bayer/Chris Rhiner -- Carried unanimously.

4. **Dues and Membership Drive for 2015:** A proposal was made, with the Board’s approval, to authorize the local bicycle shops to grant a one-year’s free membership to Alta Alpina Cycling Club with the purchase of a new bicycle during the period from mid-March until the AACC Spring Party. The rationale being that the club could benefit from possible new members by inviting them to the Spring Party. The participating shops could benefit, if the buyer became an AACC member, by possibly encouraging the rider to ride more and thereby consume more bicycle shop goods and services. Motion 02/04: Dues amount will continue to be the same as for 2014. Extend free membership for the first year anyone buying a new bicycle from a local bicycle shop during a promotional period from March 15 until the date of the Spring Party Michael Bayer /Tammy Lundquist -- Carried unanimously.
5. **Next Meeting:** Monday, March 2, 2015, 6 pm at Lakeside Casino, 168 U.S. 50, Stateline.
Meeting adjourned at 8:28 pm
